Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Whether you are eighteen or eighty-one, work on the factory floor or in the front office, you know something is fundamentally wrong with our great country. Although we have much work to do, there is still hope that free enterprise founded on the Rule of Law can, and will, thrive again as Margaret Thatcher and Ronald Reagan showed us. George Ball decided to write Audacious Destruction to bring what he considers a national...
