ALECS

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 270 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Computer scientists and software developers have tried for many years to create a machine that can think and act like a human being. They haven't succeeded yet, but they've come closer and closer with each new generation of hardware and software. What if they do succeed and create a cybernetic system that exhibits true intelligence sufficient to pass the Turing..
