Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.On June 21, 1877, ten Irish-Americans were executed in the mining areas of Pennsylvania. All were accused of being members of a terror-ist group called the Molly Maguires, and all were convicted of planning and carrying out the murder of a number of mining officials. Ten more Irish-Americans were executed in Pennsylvania in the next 18 months on the same charges. One of the men executed on June 21, 1877, was Alexander Campbell, grand-uncle of the author. The Molly Maguire executions generated a great deal of contro-versy in Pennsylvania from the 1870s to the present, with Irish-Americans claiming the Mollies were framed by the mine owners, while some other ethnic- groups believe that they were guilty as charged and deserved the punishment they received. The author first heard about the execution of his grand-uncle back in the late 1940s in Dungloe, County Donegal, Ireland, and in the early 1970s, while living in New Jersey, began a fifteen year investiga-tion into the entire Molly Maguire controversy in order to determine if Alexander Campbell was guilty or innocent. A Molly Maguire Story is an account of that investigation.
