From within the pages of this book you will be able to pick up a good collection of reformist ideas and concepts, endowed with the potential to bring about an epoch making impact on all kinds of assessments or evaluations in general, and in the academic performance evaluation of students, in particular. Once it so happened that Prasad was moved by a real life encounter with one of his long time friends who shared with him her sour experience as a student in a premiere educational institution. It seems that when she inquired with the professor who gave her a B grade in a course in which she expected an A grade, she was called to a side and explained that it was indeed a very high B , and that after all the difference between a low A and a high B is only marginal! However, that marginal difference had resulted in her missing an admission into an elite graduate program, which was her cherished dream unrealized. Prasad was ruminating on that episode during one of his casual walks on the sandy beach side off the Institute campus, on a beautiful Thursday evening of the Eighth of August Two Thousand Two; when he was visited by the slippery idea of SQUIDS flowing over the tidal waves from the salty waters of the sea swashing on and off the sandy beach front. Here, SQUIDS stands for Scale Quantum Unit Interval Domain Size that is the most fundamental basis for the design of a measurement scale. SQUIDS is the...
